

# Wincheap Foundation Primary School

## Camera and Image Use Policy

<b>Version</b>	10
<b>Ratified by</b>	Personnel and Pay Committee
<b>Date of Approval</b>	January 2026
<b>Author</b>	Network Manager
<b>Responsible Committee / Board</b>	Personnel & Pay Committee
<b>Review Date</b>	Spring 2027
<b>Target Audience</b>	Parents / Public / Staff / Governors

## **Scope and Aims**

This policy seeks to ensure that images taken within and by Wincheap Foundation Primary School or at school events are taken and held legally and the required thought is given to safeguarding all members of the community.

This policy applies to all staff including the governing body, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for or provide services on behalf of the school (collectively referred to as 'staff' in this policy) as well as children and parents/carers.

This policy must be read in conjunction with other relevant policies including, but not limited to; Child Protection and Safeguarding, Anti-bullying, Behaviour, Data Protection and GDPR, Acceptable Use of Technology Policies (AUPs), the relevant Privacy Notice published on the school website; and relevant curriculum guidance e.g. Computing, Personal Social and Health Education (PSHE) etc...

This policy applies to all images, including still photographs and video content taken by Wincheap Primary School, and taken by anyone else within the school or on visits/events connected to the school.

All images taken by Wincheap Primary School will be used in a manner respectful of the Data Protection Principles. This means that images will be processed:

- fairly, lawfully and in a transparent manner
- for specified, explicit and legitimate purposes
- in a way that is adequate, relevant limited to what is necessary
- to ensure it is accurate and up to date
- for no longer than is necessary
- in a manner that ensures appropriate security

The school's Network Manager, on behalf of the Headteacher, is responsible for ensuring the acceptable, safe use and storage of all camera technology and images within our setting.

## **Official use of images of children**

### **Parental consent**

Written permission from parents or carers will always be obtained before images of children are taken, used or published.

Written consent will always be sought to take and use images offsite for professional, marketing and training purposes. This may be in addition to parental permission sought for onsite images.

Written consent from parents will be kept by the school where children's images are used for publicity purposes, such as brochures or publications, until the image is no longer in use.

Parental permission will be sought on an agreed admission to the school.

A record of all consent details will be kept securely on file. Should permission be withdrawn by parents/carers at any time, then all relevant images will be removed and disposed of, and the record will be updated accordingly.

## Safety of images

All images taken and processed by or on behalf of the school will take place using school provided equipment and devices and in line with this and other associated policies, including but not limited to Child Protection, Staff Behaviour/Code of Conduct.

Staff will receive information regarding the safe and appropriate use of images as part of their data protection and safeguarding training.

- Staff will:
  - only publish images of learners where they and their parent/carer have given explicit written consent to do so.
  - only take images where the child is happy for them to do so.
  - ensure that a senior member of staff is aware that the equipment is being used and for what purpose.
  - avoid making images in a one-to-one situation.
  
- Staff will not
  - take images of learners for their personal use.
  - display or distribute images of learners unless they are sure that they have parental consent to do so (and, where appropriate, consent from the child).
  - take images of learners using personal equipment.
  - take images of learners in a state of undress or semi-undress or which could be considered as indecent or sexual
  - take images of a child's injury, bruising or similar or make audio recordings of a child's disclosure.

All members of staff, including volunteers, will ensure that all images are available for scrutiny and will be able to justify any images in their possession.

Images will only be retained when there is a clear and agreed purpose for doing so. A designated member of staff will ensure that all images are permanently wiped from memory cards, computer hard and portable drives or other relevant devices once the images will no longer be of use.

Images will be stored in an appropriately secure place.

Images will remain on site, unless prior explicit consent has been given by the Headteacher and the parent/carer of any child or young person captured in any images. Should permission be given to take images off site, all relevant details will to be recorded, for example who, what, when and why. Images taken offsite will be kept securely for example with appropriate protection. Any memory stick/storage or device containing images of children to be taken offsite for further work must be suitably protected and returned as soon as possible.

The Headteacher, Network Manager and/or a member of the DSL team reserve the right to view any images taken and can withdraw or modify a member of staffs' authorisation to take or make images at any time.

Any apps, websites or third-party companies used to share, host or access children's images will be risk assessed prior to use.

The school will ensure that images always are held in accordance with the General Data Protection Regulations (GDPR) and Data Protection Act, and suitable child protection requirements, if necessary, are in place.

Images will be disposed of should they no longer be required. They will be returned to the parent or carer, deleted and wiped or shredded as appropriate. Copies will not be taken of any images without relevant authority and consent from the Headteacher and/or DSL and the parent/carer

### **Safe Practice when taking images**

Careful consideration is given before involving very young or vulnerable children when taking photos or recordings, who may be unable to question why or how activities are taking place.

The school will discuss the use of images with children and young people in an age-appropriate way.

A child or young person's right not to be photographed or videoed is to be respected. Images will not be taken of any child or young person against their wishes.

Photography or video recording is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.

Images or videos that include children will be selected carefully for use, for example only using images of children who are suitably dressed.

### **Publication and sharing of images**

Children's full names will not be used on the school website or other publication, for example newsletters, social media channels, in association with photographs or videos.

The school will not include any personal addresses, emails, telephone numbers, fax numbers on video, on the website, in a prospectus or in other printed publications.

### **Usage of apps/systems to share images with parents**

The school uses Seesaw to upload and share images of children with parents.

The use of the system has been appropriately risk assessed and the Governing Body has taken steps to ensure all data stored is held in accordance with GDPR and the Data Protection Act.

Images uploaded to Seesaw will only be taken on school devices.

All users of Seesaw are advised on safety measures to protect all members of the community e.g. using strong passwords, logging out of systems after use etc.

Parents/carers will be informed of the expectations regarding safe and appropriate use (e.g. not sharing passwords or copying and sharing images) prior to being given access. Failure to comply with this may result in access being removed.

## **Use of Closed-Circuit Television (CCTV)**

All areas which are covered by CCTV will be well signposted, and notifications are displayed so that individuals are advised before entering such vicinity.

Recordings will be retained for a limited time only and for no longer than their intended purpose; this will be a for a maximum of 30 days. All recordings are to be erased before disposal.

Regular auditing of any stored images will be undertaken by the Data Controller and/or DSL or other member of staff as designated by the management team.

If cameras record activities taking place on the premises which are of a criminal nature or give any cause for concern, then information will be referred to the appropriate agency.

CCTV cameras will be appropriately placed within the school.

## **Use of webcams**

Parental consent will be obtained before webcams will be used within the setting environment for educational purposes.

Where webcams are used with children to access or engage with education (for example remote learning), images and recording will be held in accordance with the General Data Protection Regulations (GDPR) and Data Protection Act, and any necessary child protection requirements will be implemented.

All areas which are covered by webcams for security or safeguarding purposes (CCTV) will be well signposted, and notifications are displayed so that individuals are advised before entering such vicinity.

Where webcams are used for CCTV purposes, recordings will be retained for a limited time only and for no longer than their intended purpose; this will be a for a maximum of 30 days. All recordings are to be erased before disposal.

## **Use of images of children by others**

### **Use of image by parents/carers**

Parents/carers are permitted to take photographs or video footage of school events for private use only. Any image or footage that includes identifiable images of other children or school adults taken at school or at a school event should not be distributed to others or shared on the internet.

Parents/carers who are using photographic equipment must be mindful of others, including health and safety concerns, when making and taking images.

The opportunity for parents/carers to take photographs and/or make videos may be reserved by the school on health and safety grounds.

Parents/carers are only permitted to take or make recording within designated areas of the school. Photography or filming is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.

Parents/carers who are supporting or accompanying children on educational visits, sports events etc... must comply with the same rules and guidance that are applied in school, as laid out in this policy.

The right to withdraw consent will be maintained and any photography or filming on site will be open to scrutiny at any time.

Parents may contact the school to discuss any concerns regarding the use of images.

Photos and videos taken by the school and shared with parents should not be shared elsewhere, for example posted onto social networking sites. To do so may breach intellectual property rights, data protection legislation and importantly may place members of the community at risk of harm.

### **Use of images by children**

The school will discuss and agree age-appropriate acceptable use rules with children regarding the appropriate use of cameras, such as when engaging in remote learning and when onsite. This will include places children cannot take cameras, for example unsupervised areas, toilets etc... and the importance of having permission to post images or videos where they include other people.

The use of personal devices e.g. mobile phones, tablets, digital cameras, is covered within the school's Camera and Image Use policy.

All staff will be made aware of the acceptable use rules regarding children's use of cameras and will ensure that children are appropriately supervised when taking images for official or curriculum use.

Members of staff will role model positive behaviour to the children by encouraging them to ask permission before they take any photos or videos.

Images taken by children for official use will only be taken with parental consent and will be processed in accordance with GDPR and the Data Protection Act.

Parents/carers will be made aware that children will be taking images of other children and will be informed how these images will be managed. For example, they will be for internal use by the school only and will not be shared online or via any website or social media tool.

Images taken by children for official use will be carefully controlled by the school and will be checked carefully before sharing online or via digital screens.

Children are not permitted to take, share, upload or post photographs or videos of staff members or other children on social media, messaging platforms or any other online service without appropriate permission. Permission must be obtained from the individual concerned, and where the image includes a child, from their parent or carer.

This includes images taken on personal devices both on and off the premises where the image relates to activities, people or events connected with the School.

### **Use of images of children by the media**

Where a press photographer is to be invited to celebrate an event, every effort will be made to ensure that the newspaper's, or other relevant media, requirements can be met.

A written agreement will be sought between parents and carers and the press which will request that a pre-agreed and accepted amount of personal information (such as first names only) will be published along with images and videos.

The identity of any press representative will be verified, and access will only be permitted where the event is planned, and where press are to be specifically invited to attend. No authorisation will be given to unscheduled visits by the press under any circumstances.

Every effort will be made to ensure the press abide by any specific guidelines should they be requested. No responsibility or liability however can be claimed for situations beyond reasonable control, and where the setting is to be considered to have acted in good faith.

### **Use of external photographers, including videographers and volunteers**

External photographers who are engaged to record any events officially will be prepared to work according to the terms of our policies, including our child protection policy.

External photographers will sign an agreement which ensures compliance with GDPR and the Data Protection Act.

Images taken by external photographers will only be used for a specific purpose, subject to parental consent.

External photographers will not have unsupervised access to children and young people

### **Policy Breaches**

Members of the School community should report image use concerns regarding image use or policy breaches to the Headteacher in line with existing school policies and procedures. Specific guidance on how to do this can be found in the Data Protection and GDPR policy and the relevant Privacy Notice on the school website, though other policies may also apply depending on the nature of the breach.

Following a policy breach, leadership staff will investigate and take appropriate action, identify lessons learnt and implement policy changes as required. Action will be taken in line with existing school policies and procedures which may include, for example, those laid out in our Child Protection and Safeguarding, Anti-bullying, Acceptable Use and Behaviour policies.

In complying with our policies, advice will be sought, and reports will be made to other organisations in accordance with national and local guidance and requirements. For example, where there may have been a data protection breach, the ICO will be contacted, and if an allegation has been made against a member of staff, contact will be made with the Local Authority Designated Officer (LADO).

### **Monitoring and Review**

This policy will be reviewed annually by or on behalf of the Headteacher. At every review the policy will be approved by the Personnel and Pay committee of the governing body.
